GENERAL TRAINING

Through engaging lessons, practice exercises, and personalized feedback, we will focus on all four components of the exam: **Listening, Reading, Writing, and Speaking.**

Our experienced instructors will guide you in developing your language proficiency, test-taking techniques, and time management skills. Get ready to enhance your English language abilities and achieve your desired IELTS score with our dedicated course.

The Listening and Speaking sections are the same in both General and Academic Training

LISTENING

This course focuses on developing the ability to comprehend a variety of accents, understand different speech patterns, and accurately answer questions based on the audio recordings.

Throughout the course, students will be exposed to a wide range of authentic listening materials, including conversations, interviews, monologues, and lectures.

SPEAKING

Through this course, participants will develop the necessary fluency, coherence, and accuracy required to excel in the speaking component. Participants will gain a clear understanding of what is expected of them in terms of pronunciation, vocabulary usage, grammar accuracy, and overall coherence and fluency.

READING (GENERAL)

This course focuses on improving reading comprehension abilities and familiarizing students with various types of texts encountered in everyday life and work situations.

Students will gain a clear understanding of the test structure and expectations to better prepare for the exam.

WRITING (GENERAL)

This course focuses on developing the ability to produce clear, coherent, and well-structured written responses for both

Task 1:

Letter Writing (Formal / Informal)

Task 2

Essay Writing

MODULES

ACADEMIC TRAINING

Whether you are planning to pursue higher education or professional registration in an English-speaking academic setting, our course will equip you with the necessary skills and strategies.

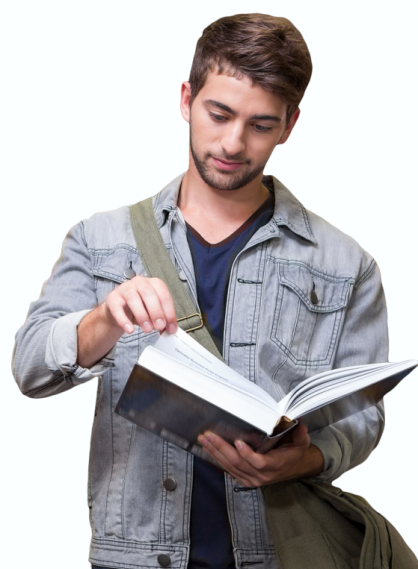

Throughout the program, we will focus on enhancing your academic reading and writing abilities, analyzing and interpreting complex texts, and effectively conveying your thoughts in a formal academic style.

The Writing and Reading sections are different in the Academic Training while the Speaking and Listening are the same

READING (ACADEMIC)

Through this course, participants will strengthen their reading comprehension abilities and learn how to effectively navigate and understand various types of complex texts encountered in academic settings.

The course begins by introducing students to different question types commonly found in the IELTS Reading section, such as multiple-choice, matching, true/false/not given, and sentence completion.

WRITING (ACADEMIC)

This course focuses on developing students' abilities to produce well-structured, coherent, and precise written responses for both

Task 1

students will learn how to interpret and describe visual data, such as graphs, charts, and diagrams, accurately.

Task 2

students will learn how to write a coherent and well-argued essay on a given topic.
